

IYAPPAN M

Full Stack Developer

iyappan@chadura.com | 9344798048

 [iyappan04](https://github.com/iyappan04)  <https://iyappan04.github.io/>

EDUCATION

- **B.SC Computer Science** 2020-2023
Bharathidasan University

Experience

- **CHADURA TECH** 2023
Full Stack Developer | 1+ Experience

I worked as a full stack developer at Chadura Tech in Bangalore, worked with various projects using frontend and backend technologies. Learnt about deep into linux, python, django, rust. Rust is my lovable programming language. I worked some small frontend projects as well in my past experience to make the better UI and functionality with Vue Js.

SKILLS

Programming language	Rust, Python, Javascript
Libraries \ Frameworks	Django, Actix Web, Rest API (DRF), JWT
Tools \ Platforms	Linux, Git, Shell Scripting
Database	Postgres, MongoDB
Web Technologies	HTML, CSS, Tailwind CSS, Vue JS

OPEN SOURCE PROJECTS

- UNIVERSITY ADMISSION PREDICATION APP** Python, ML

This is a web application that predicts the likelihood of a student being admitted to a university based on their academic and personal profile. The prediction is made using a machine learning model trained on historical admissions data.
